

Meet Our New Worship Director

Amelia Neff

Amelia graduated from Elim Bible Institute and College with an Associates Degree in Biblical and theological studies in 2019 and did a 6 month internship at a house of prayer. In 2020 she worked as the office administrator and prayer room director at New Hope for three years before volunteering as a worship leader at Elim Life Church and at conferences through Elim Fellowship.

The Lord has used her schooling, work experiences, and opportunities to serve at her local church and conferences to grow her experience in Worship Leading and directing over the last 15 years.

Amelia has now joined Celebrate Family Church staff as the Worship Director and she is excited to work with their worship team, grow with them in excellence and

practically, to cultivate authentic worship that supports the mission of the church and helps people encounter Jesus through corporate worship.

A Look Back to July

York/Leicester Field Days

We had the privilege of celebrating our country and serving our community at the York/Leicester Field Days! Thank you to all the volunteers who braved the heat to tirelessly serve others. Whether it be serving snow cones, running the kiddie games, or handing out programs, we couldn't have done it without you! I think this same spirit of selflessness, hard work, and hospitality is one of the many reasons why this nation is so special. Thank you!

New Church Windows!

We just had our windows replaced on the front side of our building. Praise God for clear windows that let the sunshine in and keep the warm air out!
